Kingston Park, 11am - 4pm

Hello!

#CornTogether2023

Our organization, ComeTogetherCK, is pleased to announce our very first fundraiser:

CornTogether Cornhole Tournament at Kingston Park on September 10th.

We are planning a park community day. There will be many opportunities for everyone to be involved in both the fun and the giving no matter their circumstance. We believe your contribution will make a difference in how far this event reaches.

Proceeds will be directed to ComeTogetherCK (CTCK) and partnering organizations. CTCK is a 100% volunteer-driven grassroots community group that formed during the pandemic. The enclosed infographic and voices page tells some of our story.

CTCK's ecosystem has seen diverse people thrive on almost no budget. The funds raised will go towards a permanent space and to grow operations including:

- **Those experiencing poverty shining their gifts in The Community Shop.**
- **Indigenous and Non-Indigenous working together in Takwihleew.**
- **A common purpose for all of CK in The Gift and The May 16th Miracle.**
- **Building more sustainable health care.**
- **And many more community led grass routes initiatives.**

This is an opportunity to strengthen your organization's connection with the open-hearted community that is #CornTogether2023 !

Thank you for considering joining us in making the CornTogether Fundraiser an impactful event. We look forward to the possibility of partnering.

Sincerely,

CTCK
